Problems / limitations

Too much medical gravity

Lack of cars skins

Unoptimized bugs

No bosses

Complex user interface

Low and buggy background

No loot most of the time

No pets

No test servers

No air drop

No custom maps

No anything like animation

1) Rank push not supported

2) Too much recalls

After death

1) Basic healing issues

2) Unreliable

Additional issues

1) Multi player maps are too big

2) Have complex user interface

3) Button icons not good

4) Too many multiplayer maps

5) Too many BR maps (Not required)

Page 7

Separate BR and Multiplayer

A separate BR and multiplayer mode including characters like Nijo.
There will be nothing in open. Everything will be in sealed crates.

Other BR games

- 1) PUBG PC
- 2) Free Fire
- 3) Valorant
- 4) Apex
- 5) Call of Duty M.
- 6) Everglight 84

Major drawbacks of FF and PUBG

- 1) Changing emotes
- 2) Low end maps
- 3) Changes take time to appear
- 4) No inbuilt lobby maps
- 5) Clown updates
- 6) Low end guns
- 7) Too much recall
- 8) No trade skins
- 9) No offline support
- 10) Laggy entry

Low TDM options

- 1) Faded grass
- 2) Clean events
- 3) Low end cars
- 4) Lack of cars
